DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 15-19, 26-30, drawn to a packaged semi-ready meal.

Group II, claim(s) 20-25, 31-34, drawn to a method of using the dried semi-ready meal.

2. The special technical feature linking the two inventions is the semi-ready meal comprising a first batch of dried ingredients and a second batch of dried ingredients which are separately packaged. This does not provide a contribution over the prior art, as evidenced by the attached references to Risler (EP0087667) who discloses a dry, packaged part-prepared meal, wherein dried and salted vegetables and a fat-containing mixture of dried herbs are prepacked in a mutually separate manner (examples 17-20).

3. A telephone call was made to Michael Minns on February 21, 2008 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the

Art Unit: 1794

requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to VIREN THAKUR whose telephone number is (571)272-6694. The examiner can normally be reached on Monday through Friday from 8:00 am - 4:30 pm.
